

We are Legal!

Yes, we have coin-operated amusement machines--and, no, it is not against the law! How you choose to pay out IS against the law!

You could win many things at Emerald Lake RV Resort...

These are not video poker machines!

They are classified as Georgia skill games (refer to paragraph 2 of code section 48-17-1)

All of these are covered under Senate Bill 454 2010

These machines are classified as Type B amusement machines.

Your winning could go towards food, a stay on the floating cabin, or a stay in one of our park model cabins, tanning bed and hot tub, propane or you could book your birthday, anniversary, retirement, family reunion or Christmas parties!

But remember any food or anything from our gift shop or gas has sales tax... which always helps in supporting your local improvements!

Whether you agree with it or not ... many local dollars are spent in Alabama and Mississippi ... just thought we should try to keep some of it in **Southwest Georgia!**
